MMR_0181 Fred G. Gill

If anyone has a picture of Fred Gill, please send to Indycop999@hotmail.com

Fred G. Gill was a Founding Member of the Region. He was the first Editor of MAIN LINE--The Australian Region Newsletter.

Fred G. Gill was a skilled model railroader associated with the National Model Railroad Association (NMRA) in the Australasian region. His legacy lives on through his contributions to the hobby. One of his notable achievements was the creation of the Diamond Valley Lines, a captivating model railroad layout. Let me share some details about it:

•Diamond Valley Lines:

•Creator: Fred Gill GMMR (d)

•Description: The Diamond Valley Lines features a small township, complete with a passenger depot and painted backdrops. As the train descends, it passes a coal mine and a battery of coke ovens on one side of a large mountain.

•On the other side of the mountain, there's an ore mine and flotation mill.

Fred Gill's passion for model railroading left a lasting impact, and his layouts continue to inspire enthusiasts.
